LIVEASY

Icon

- ❖ **Test Case ID**: #icon_tc_01
  - ➢ **Test Scenarios**
    - ■ To check whether the icon is displaying or not.
  - ➢ **Expected Result**: Successful display of icon image.
- ❖ **Test Case ID**: #splash_tc_02
  - ➢ **Test Scenarios**
    - ■ To check the successful loading of the "Flash" Screen when touched on the icon.
    - ■ To check whether the app is crashing or not.
  - ➢ **Expected Result**: Successful loading of the "Flash" Screen without crashing.

Splash

- ❖ **Test Case ID**: #splash_tc_01
  - ➢ **Test Scenarios**
    - ■ To check the successful loading of the "Language Selection" Screen.
    - ■ To check whether the splash screen is crashing or not.
    - ■ To check whether the splash screen takes forever to load.
  - ➢ **Expected Result**: Successful loading of the "Language Selection" Screen without crashing and hanging.

Language Selection

- ❖ **Test Case ID**: #lang_tc_01
  - ➢ **Test Scenarios**
    - ■ To check whether the "हिंदी" button is navigating the screen to the "language_hindi" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "language_hindi" Screen after the "हिंदी" button is touched.
- ❖ **Test Case ID**: #lang_tc_02
  - ➢ **Test Scenarios**
    - ■ To check whether the "English" button is navigating the screen to the "language_english" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "language_english" Screen after the "English" button is touched.
- ❖ **Test Case ID**: #lang_tc_03
  - ➢ **Test Scenarios**
    - ■ To check whether the "Language_english" Welcome screen is showing the content in English or not.
  - ➢ **Expected Result**: Successful display of content in the English language while on the "Language_english" Screen.
- ❖ **Test Case ID**: #lang_tc_04
  - ➢ **Test Scenarios**
    - ■ To check whether the "Language_hindi" Welcome screen is showing the content in Hindi or not.
  - ➢ **Expected Result**: Successful display of content in the Hindi language while on the "Language_hindi" Screen.

Sign Up

- ❖ **Test Case ID**: #signup_tc_01
  - ➢ **Test Scenarios**
    - ■ To check whether the "Get Started" or "शुरू करें" button is navigating the screen to the "Sign_up" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "language_english" Screen after the "Get Started" or "शुरू करें" button is touched.
- ❖ **Test Case ID**: #signup_tc_02
  - ➢ **Test Scenarios**
    - ■ To check whether the "Enter Phone Number" Field is enabling the "Num Pad" or not when touched.
  - ➢ **Expected Result**: Successful enabling of the "Num Pad" after the "Enter Phone Number" Field is touched.
- ❖ **Test Case ID**: #signup_tc_03
  - ➢ **Test Scenarios**
    - ■ To check whether touching button 1,2,3,4,5,6,7,8,9,0 is printing number 1,2,3,4,5,6,7,8,9,0 respectively or not .
  - ➢ **Expected Result**: The application is printing number 1,2,3,4,5,6,7,8,9,0 by touching button 1,2,3,4,5,6,7,8,9,0 respectively.
- ❖ **Test Case ID**: #signup_tc_04
  - ➢ **Test Scenarios**
    - ■ To check whether the "Send OTP" screen is opening after entering a valid 10 digit mobile number or not.
  - ➢ **Prerequisites**
    - ■ A valid mobile number.
  - ➢ **Test Data**
    - ■ A 10 digit number.
  - ➢ **Expected Result**: Successful loading of the "Send OTP" screen after entering a valid 10 digit mobile number.
- ❖ **Test Case ID**: #signup_tc_05
  - ➢ **Test Scenarios**
    - ■ To check whether the invalid OTP is throwing an error by displaying the error message "Wrong OTP. Try Again!" or not.
  - ➢ **Prerequisites**
    - ■ An invalid OTP.
  - ➢ **Test Data**
    - ■ Any 6 digit number other than OTP.
  - ➢ **Expected Result**: App is successfully throwing the error by displaying the error message "Wrong OTP. Try Again!" after entering Invalid OTP.
- ❖ **Test Case ID**: #signup_tc_06
  - ➢ **Test Scenarios**
    - ■ To check whether the valid OTP is accepted by the app and displaying the "Home" screen or not.
  - ➢ **Prerequisites**
    - ■ A 6 digit valid OTP.
  - ➢ **Test Data**
    - ■ A 6 digit valid OTP.
  - ➢ **Expected Result**: App is successfully accepting the OTP and displaying the "Home" screen.
- ❖ **Test Case ID**: #signup_tc_07
  - ➢ **Test Scenarios**
    - ■ To check whether the "change" button is navigating the screen to the "Sign_up" screen or not when touched.

> **Expected Result**: Successful navigation of the "Sign_up" Screen after the "change" button is touched.

Home

- ❖ **Test Case ID**: #home_tc_01
  - ➢ **Test Scenarios**
    - ■ To check whether the "Help" button is navigating the screen to the "Help" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "Help" Screen after the "Help" button is touched.
- ❖ **Test Case ID**: #home_tc_02
  - ➢ **Test Scenarios**
    - ■ To check whether the "Buy GPS" Banner is navigating the screen to the "Buy_gps" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "Buy_gps" Screen after the "Buy GPS" banner is touched.
- ❖ **Test Case ID**: #home_tc_03
  - ➢ **Test Scenarios**
    - ■ To check whether the "Side Menu" button is displaying the "Side_menu" screen or not when touched.
  - ➢ **Expected Result**: Successful display of the "Side_menu" Screen after the "Side Menu" button is touched.
- ❖ **Test Case ID**: #home_tc_04
  - ➢ **Test Scenarios**
    - ■ To check whether the "My Trucks" button is navigating the screen to the "My Truck" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "My Truck" Screen after the "My Trucks" button is touched.
- ❖ **Test Case ID**: #home_tc_05
  - ➢ **Test Scenarios**
    - ■ To check whether the "My Loads" button is navigating the screen to the "Loads" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "Loads" Screen after the "My Loads" button is touched.
- ❖ **Test Case ID**: #home_tc_06
  - ➢ **Test Scenarios**
    - ■ To check whether the "Order" button is navigating the screen to the "Order" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "Order" Screen after the "Order" button is touched.
- ❖ **Test Case ID**: #home_tc_07
  - ➢ **Test Scenarios**
    - ■ To check whether the "Account" button is navigating the screen to the "My Account" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "My Account" Screen after the "Account" button is touched.
- ❖ **Test Case ID**: #home_tc_07
  - ➢ **Test Scenarios**
    - ■ To check whether the "see all" button is navigating the screen to the "Load_list" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "Load_list" Screen after the "see all" button is touched.

Help

- ❖ **Test Case ID**: #help_tc_01
  - ➢ **Test Scenarios**
    - ■ To check whether the "Call us" button is popping the "Dialer" screen or not when touched.
  - ➢ **Expected Result**: Successful pop-up of the "Dialer" Screen after the "Call Us" button is touched.
- ❖ **Test Case ID**: #help_tc_02
  - ➢ **Test Scenarios**
    - ■ To check whether the ">" button is displaying the drop-down or not when touched.
  - ➢ **Expected Result**: Successful display of drop-down after the ">" button is touched.
- ❖ **Test Case ID**: #help_tc_03
  - ➢ **Test Scenarios**
    - ■ To check whether the "<" button is navigating the screen to the "Home" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "Home" Screen after the "<" button is touched.

Side Menu

- ❖ **Test Case ID**: #sm_tc_01
  - ➢ **Test Scenarios**
    - ■ To check whether the "My Account" button is navigating the screen to the "My Account" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "My Account" Screen after the "My Account" button is touched.
- ❖ **Test Case ID**: #sm_tc_02
  - ➢ **Test Scenarios**
    - ■ To check whether the "Language" button is navigating the screen to the "Language_english" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "Language_english" Screen after the "Language" button is touched.
- ❖ **Test Case ID**: #sm_tc_03
  - ➢ **Test Scenarios**
    - ■ To check whether the "My Driver" button is navigating the screen to the "My Driver" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "My Driver" Screen after the "My Driver" button is touched.
- ❖ **Test Case ID**: #sm_tc_04
  - ➢ **Test Scenarios**
    - ■ To check whether the "Buy GPS" button is navigating the screen to the "Buy_gps" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "Buy_gps" Screen after the "Buy GPS" button is touched.
- ❖ **Test Case ID**: #sm_tc_05
  - ➢ **Test Scenarios**
    - ■ To check whether the "Contact us" button is popping the "Dialer" screen or not when touched.
  - ➢ **Expected Result**: Successful pop-up of the "Dialer" Screen after the "Contact Us" button is touched.
- ❖ **Test Case ID**: #sm_tc_06
  - ➢ **Test Scenarios**

- To check whether the "Logout" button is navigating the screen to the "Language_english" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "Language_english" Screen after the "Logout" button is touched.
- ❖ **Test Case ID**: #sm_tc_07
  - ➢ **Test Scenarios**
    - To check whether the touching outside of the "Side Menu" is navigating the screen back to the "Home" screen or not.
  - ➢ **Expected Result**: Successful navigation of the "Home" Screen when outside of the "Side menu" is touched.

My trucks

- ❖ **Test Case ID**: #trucks_tc_01
  - ➢ **Test Scenarios**
    - To check whether the "Help" button is navigating the screen to the "Help" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "Help" Screen after the "Help" button is touched.
- ❖ **Test Case ID**: #trucks_tc_02
  - ➢ **Test Scenarios**
    - To check whether the "Home" button is navigating the screen to the "Home" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "Home" Screen after the "Home" button is touched.
- ❖ **Test Case ID**: #trucks_tc_03
  - ➢ **Test Scenarios**
    - To check whether the "My Loads" button is navigating the screen to the "Loads" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "Loads" Screen after the "My Loads" button is touched.
- ❖ **Test Case ID**: #trucks_tc_04
  - ➢ **Test Scenarios**
    - To check whether the "Order" button is navigating the screen to the "Order" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "Order" Screen after the "Order" button is touched.
- ❖ **Test Case ID**: #trucks_tc_05
  - ➢ **Test Scenarios**
    - To check whether the "Account" button is navigating the screen to the "My Account" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "My Account" Screen after the "Account" button is touched.

My loads

- ❖ **Test Case ID**: #loads_tc_01
  - ➢ **Test Scenarios**
    - To check whether the "Home" button is navigating the screen to the "Home" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "Home" Screen after the "Home" button is touched.
- ❖ **Test Case ID**: #loads_tc_02
  - ➢ **Test Scenarios**

- To check whether the "My Trucks" button is navigating the screen to the "My truck" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "My Truck" Screen after the "My Trucks" button is touched.
- ❖ **Test Case ID**: #loads_tc_03
  - ➢ **Test Scenarios**
    - ■ To check whether the "Order" button is navigating the screen to the "Order" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "Order" Screen after the "Order" button is touched.
- ❖ **Test Case ID**: #loads_tc_04
  - ➢ **Test Scenarios**
    - ■ To check whether the "Account" button is navigating the screen to the "My Account" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "My Account" Screen after the "Account" button is touched.

Order

- ❖ **Test Case ID**: #order_tc_01
  - ➢ **Test Scenarios**
    - ■ To check whether the "Home" button is navigating the screen to the "Home" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "Home" Screen after the "Home" button is touched.
- ❖ **Test Case ID**: #order_tc_02
  - ➢ **Test Scenarios**
    - ■ To check whether the "My Trucks" button is navigating the screen to the "My truck" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "My Truck" Screen after the "My Trucks" button is touched.
- ❖ **Test Case ID**: #order_tc_03
  - ➢ **Test Scenarios**
    - ■ To check whether the "My Loads" button is navigating the screen to the "Loads" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "Loads" Screen after the "My Loads" button is touched.
- ❖ **Test Case ID**: #order_tc_04
  - ➢ **Test Scenarios**
    - ■ To check whether the "Account" button is navigating the screen to the "My Account" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "My Account" Screen after the "Account" button is touched.
- ❖ **Test Case ID**: #order_tc_05
  - ➢ **Test Scenarios**
    - ■ To check whether the "On-going" button is navigating the screen to the "Order_on-going" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "Order_on-going" Screen after the "On-going" button is touched.
- ❖ **Test Case ID**: #order_tc_06
  - ➢ **Test Scenarios**
    - ■ To check whether the "Bids" button is navigating the screen to the "Order" screen or not when touched.

- ➢ **Expected Result**: Successful navigation of the "Order" Screen after the "Bids" button is touched.
- ❖ **Test Case ID**: #order_tc_07
  - ➢ **Test Scenarios**
    - ■ To check whether the "Completed" button is navigating the screen to the "Order_completed" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "Order_completed" Screen after the "Completed" button is touched.

My Account

- ❖ **Test Case ID**: #acc_tc_01
  - ➢ **Test Scenarios**
    - ■ To check whether the "Help" button is navigating the screen to the "Help" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "Help" Screen after the "Help" button is touched.
- ❖ **Test Case ID**: #acc_tc_02
  - ➢ **Test Scenarios**
    - ■ To check whether the "Home" button is navigating the screen to the "Home" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "Home" Screen after the "Home" button is touched.
- ❖ **Test Case ID**: #acc_tc_03
  - ➢ **Test Scenarios**
    - ■ To check whether the "My Trucks" button is navigating the screen to the "My truck" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "My Truck" Screen after the "My Trucks" button is touched.
- ❖ **Test Case ID**: #acc_tc_04
  - ➢ **Test Scenarios**
    - ■ To check whether the "My Loads" button is navigating the screen to the "Loads" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "Loads" Screen after the "My Loads" button is touched.
- ❖ **Test Case ID**: #acc_tc_05
  - ➢ **Test Scenarios**
    - ■ To check whether the "Order" button is navigating the screen to the "Order" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "Order" Screen after the "Order" button is touched.
- ❖ **Test Case ID**: #acc_tc_06
  - ➢ **Test Scenarios**
    - ■ To check whether the "+" button is popping the "Upload" window or not when touched.
  - ➢ **Expected Result**: Successful popping of the "Upload" window after the "+" button is touched.
- ❖ **Test Case ID**: #acc_tc_07
  - ➢ **Test Scenarios**
    - ■ To check whether the "Id Front" button is popping the "Upload" window or not when touched.
  - ➢ **Expected Result**: Successful popping of the "Upload" window after the "Id Front" button is touched.
- ❖ **Test Case ID**: #acc_tc_08
  - ➢ **Test Scenarios**
    - ■ To check whether the "Id Back" button is popping the "Upload" window or not when touched.

- ➢ **Expected Result**: Successful popping of the "Upload" window after the "Id Back" button is touched.
- ❖ **Test Case ID**: #acc_tc_09
  - ➢ **Test Scenarios**
    - ■ To check whether the "Pan Front" button is popping the "Upload" window or not when touched.
  - ➢ **Expected Result**: Successful popping of the "Upload" window after the "Pan Front" button is touched.

My Driver

- ❖ **Test Case ID**: #driver_tc_01
  - ➢ **Test Scenarios**
    - ■ To check whether the "Help" button is navigating the screen to the "Help" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "Help" Screen after the "Help" button is touched.
- ❖ **Test Case ID**: #driver_tc_02
  - ➢ **Test Scenarios**
    - ■ To check whether the "<" button is navigating the screen to the "Side_menu" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "Side_menu" Screen after the "<" button is touched.
- ❖ **Test Case ID**: #driver_tc_03
  - ➢ **Test Scenarios**
    - ■ To check whether the "Add Driver" button is popping the "Add_driver" window or not when touched.
  - ➢ **Expected Result**: Successful popping of the "Add_driver" window after the "Add Driver" button is touched.
- ❖ **Test Case ID**: #driver_tc_04
  - ➢ **Test Scenarios**
    - ■ To check whether touching the "Cancel" button is navigating the screen back to the "My driver" screen or not.
  - ➢ **Expected Result**: Successful navigation of the "My Driver" Screen when the "Cancel" button is touched.
- ❖ **Test Case ID**: #driver_tc_05
  - ➢ **Test Scenarios**
    - ■ To check whether the touching outside of the "Add_driver" is navigating the screen back to the "My driver" screen or not.
  - ➢ **Expected Result**: Successful navigation of the "My Driver" Screen when outside of the "Add_driver" is touched.

By GPS

- ❖ **Test Case ID**: #gps_tc_01
  - ➢ **Test Scenarios**
    - ■ To check whether the "Help" button is navigating the screen to the "Help" screen or not when touched.
  - ➢ **Expected Result**: Successful navigation of the "Help" Screen after the "Help" button is touched.
- ❖ **Test Case ID**: #gps_tc_02
  - ➢ **Test Scenarios**
    - ■ To check whether the "<" button is navigating the screen to the "Side_menu" screen or not when touched.

➢ **Expected Result**: Successful navigation of the "Side_menu" Screen after the "<" button is touched.
